INTRODUCTION

MEEK SWEATER & FASHIONS LTD. is a 100% export oriented sweater manufacturer in Bangladesh. The factory is located at Gazipur within 15 kilometers southeast from Dhaka International Airport. The factory setup is in a newly built building with floor space of 1,60,000 square feet.

The line of production designed with jacquard & knitting machines of 3, 5, 7 and 12 gauges that assured yearly production capacity of around 5,70,000 Dzns. The factory is well equipped with modern machinery. The list of machineries shown in following pages. The main products of this company are all kinds of sweater like pullover, cardigan, vest and others for Men, Women and Children. Our first priority is to deliver the best quality product in time. It is socially compliant Factory.

Declaration

We strictly maintain our commitment and follow 3Q policy : Quality first, Quality last and Quality always (QQQ). It may be mentioned that from the day one, our management very conscious about the COMPLIANCE requirement of today and future.

Specialty

- # Our knitting machines are V- raising with fashion. And productivity will be higher than others.
- # All knitting machines are MMS type (Auto colour change)
- # To maintain quality and on time shipment we keep our finishing capacity bigger then knitting and linking capacity.
- # Our price always competitive.
- # We use SHIMA SEIKI jacquard machine for good production and quality.

Experience :

Our management teams are highly experienced about sweater department. Details are as follows:

- a) Managing Director (M.A. Mannan) : 32 years working experience on sweater.
 - b) Chairman (Anupam Dey - Raju) : 25 years working experience on sweater.
- (N.B : We have 10-20 years experienced merchandising team.)

Considering the above we are confident that the plant will be right choice of Sweater Sourcing from Bangladesh. Our door is open for all respected buyers and importers to visit the plant and enquiry small or big will be timely attended by our well experienced professional team.
